World Bridge Meridian strongly recommends comprehensive travel insurance for every journey. It should cover at least trip cancellation and interruption, emergency medical care and evacuation, and baggage loss. World Bridge Meridian is not an insurer and does not sell, arrange or give advice on insurance policies; you arrange insurance directly with a licensed insurer or broker, and its cost is not included in your journey price.

☐ I will arrange travel insurance before my first non-refundable payment and send the details above before departure.

☐ I have chosen not to buy travel insurance. I understand that I may have to pay in full for cancellations, medical treatment, evacuation, delays or losses that insurance could have covered, and that World Bridge Meridian is not responsible for those costs.

I ACKNOWLEDGE

- Insurance may exclude pre-existing conditions, certain activities and cancellations for reasons not covered, and may need to be bought soon after the first payment to be effective.

- I am responsible for reading my policy and for making any insurance claim myself.
